

### **FLOATING BOXES**

Materials needed:

\*Background: Solid Black:

2 squares 3" X 3"

2 squares 6 ½" X 6 ½"

\*Fussy Cut Square: 2 squares with design or picture in the middle 4 ½" X 4 ½"

\*Top and side of box: Two matching colors, one darker of the same color EACH color needs 2 squares 3" X 3" and 2 squares each 2 ½" X 2 ½" No brown or black because it doesn't work well with the black background. (We tried!) No 30's fabrics.

Your box sides should be contrast to your fussy cut square.

To make ½ square triangles, pair a 3" Black background with a side box color and a Black background with the other side box color. Make two more ½ square triangles with the two box side colors. Trim to 2 ½" square. You should end up with 2 Black and one side color half square triangles, 2 Black and the other box side color and 2 half square triangles out of the two side colors

If you need instructions on How To Make a Half Square Triangle click on this link:
