

# Moonlight Quilters – Due March 6

## Modified Four Patch

6.5" Unfinished

This is a variation of a 4-patch. It goes together very quickly. I picked solids or tone on tones that appear as solids as the big block. Black and white fabric framing it on two sides.

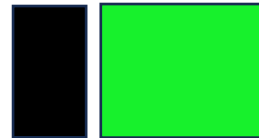

- 1 4.5 x 4.5 inch square      Bright solid or tone on tone
- 1 2.5 x 2.5 inch square      White and black, mostly white
- 2 2.5 x 4.5 inch rectangle      Black and white fabric, mostly black

Four examples of bright solid as the big patch.

Assemble as a traditional four patch.

Take one of the 2.5 x 4.5 strips and sew it to one side of the 4.5 x 4.5 inch square. Press towards the dark.

Take the 2.5 x 2.5 inch square and sew it to the narrow end of the other 2.5 x 4.5 rectangle. Press to the dark.

Sew the two sections together matching at the seams.

Match at the seams.

Simple asymmetrical blocks can be laid out in a variety of ways. Here are three examples for just this block.
